Metropolitan Community Church Celebrates

2016 is a year of celebrations for Metropolitan Community Church Sydney, MCCS. July saw the celebration of forty years since the founding of MCCS. December will see the 20th anniversary of the MCCS Christmas Eve celebration at the Sydney Town Hall. The Christmas Eve started with around 300 people at the Academy Twin Theatre in Paddington and now each year around 1000 people gather to celebrate at the Sydney Town Hall. The evening is unique in that it is truly representative of the great diversity of our community. GLBTIQ folk, their friends and families, join together to celebrate. The evening attracts people from many different faith traditions and non-faith backgrounds.

Each year we invite a guest speaker and this year we are excited to have Group Captain Catherine McGregor as our speaker. Catherine is a transgender woman who became well known for her journey within the Australian Defence Force. She is donating her time to share with us on Christmas Eve. The celebration starts at 8.00pm on Christmas Eve and everyone is welcome to attend and entry is free.

MCC Sydney meets every Sunday at our church at 96 Crystal Street, Petersham. All are welcome to come along irrespective of their faith traditions. For more information please visit our web site at www.mccsydney.org or give Rev Greg a call on 0429916191.

The Permanent Solution...

in Permanent Hair Removal

For those who are embarking on the transition from male to female, the permanent removal of hair is vital. However, with so many clinics and procedures to choose from, it's crucial that your chosen solution is reliable, safe and permanent.

At Advanced Electrolysis Centre, we have been specialising in permanent hair removal since 1996, continually improving the methods and the technologies that deliver the best results. You'll be in the hands of our experienced and qualified specialists, where you'll receive the ultimate level of personal care and attention. We also offer on-site parking for our 3hr clients subject to availability.

Galvanic electrolysis is a scientifically proven technique that is effective no matter what type of hair you have, and no matter what colour skin. It works perfectly, even if you have blonde or grey hair. However if you have dark hair this can be treated by laser or IPL, or in many cases a combination to achieve a true permanent result.

So, whether you are in need of some general information, or you have already decided on a method that best suits your needs, come in for a chat and get expert advice on how to effectively be free of your unwanted hair FOREVER!

- Multi probe galvanic 16, 32 and 64 (Dual operator) follicle treatment
- Guaranteed Permanent Results
- Skin Rejuvenation
- Pigmentation Reduction
- Red Veins & Rosacea
